**INTERESTED IN
DISABILITY
ISSUES?**

**BE PART OF THE
MOVEMENT!**

International Disability Inclusion Symposium on Higher Education and Career is a symposium to bring together ASEAN countries and Pacific Region countries to share knowledge and progress towards disability inclusion. Topics this year will include: 1) Disability Standards for Services for Students with Disabilities in Higher Education; 2) Transition to Career/Employment; and 3) Student Empowerment in K-12 and postsecondary education. This is our second symposium and we want to make sure we include students!
